Skills

- **Programming Languages:** C/C++, Python, JavaScript, HTML, CSS, Lisp/Scheme, LaTeX
- **Tools & Technologies:** Node.js, Git, Office

Projects

Skii.tech (nwHacks 2020) 2020

- Collaborated on the design of an augmented reality heads-up display for improving the alpine skiing experience
- Wrote Python scripts to parse geographical data: ski trails, elevation, and avalanche forecasts
- Designed C++ pathfinding algorithms such as shortest path and all paths

SplitStub 2020

- Created a budgeting program that allows users to scan receipts, track spending in different categories, and divide items among multiple people
- Used Pytesseract for optical character recognition and a Node.js server to store user info

Extended Essay – Graph Colouring 2018-2020

- Performed extensive research and wrote a paper on the efficiency of several graph colouring algorithms for solving different scheduling problems

Experience

President – Erindale SS Computer Science Club 2019-2020

- Constructed PowerPoint lessons and gave weekly lectures about various competitive programming topics: dynamic programming, graph theory, data structures
- Assigned practice problems to students and wrote reference solutions in C++

Organizer and Judge – HackTheBlob 2019-2020

- Co-hosted an online hackathon where over 70 participants were tasked with using data to improve student life at Erindale Secondary School
- Collected various data points throughout the school property: temperature, humidity, noise level, Wi-Fi signal strength
- Evaluated submissions and awarded prizes

Ski Instructor – Hockley Valley Resort 2020

- Created eight-week lesson plans and instructed kids and adults of various ability levels

Education

University of Waterloo 2020-Present

Computer Science Co-op

- 98.7% faculty average

Erindale Secondary School 2016-2020

International Baccalaureate

- 98.5% grade 12 top six average

Awards & Achievements

Faculty of Mathematics Entrance 2020

Scholarship (25% of tuition)

University of Waterloo

Group 3 (Top 90 in Canada) 2020

Canadian Computing Competition

First Place in Peel Region 2019

ECOO-CS Programming Competition

Hobbies

Piano (13 years, RCM Level 8) • Skiing (14 years, CSIA certified) • Competitive Programming • Mountain Biking
